EDUCATION

· Sir M. Visvesvaraya Institute of Technology, Bengaluru   *Dec 2021 - Jun 2025*
Bachelor of Engineering in Electronics and Communication Engineering   CGPA: 7.8

EXPERIENCE

· Full Stack Developer Intern   *Feb 2025 - May 2025*
Varcons technologies pvt ltd   Part-Time

– Designed and implemented a robust Resume Template using **HTML**, **CSS**, and **JavaScript**, simplifying the resume creation process for end users.
– Collaborated with a cross-functional team to develop scalable and efficient web solutions that align with user requirements.
– Regularly conducted code reviews to ensure adherence to best practices and delivered reusable components for future projects.

PROJECTS

Responsive Resume Website

– Conceptualized, designed, and deployed a fully responsive personal resume website using **HTML5**, **CSS3**, and **JavaScript.**
– Implemented advanced CSS animations and modern layouts for an engaging user experience.
– Ensured optimal performance and compatibility across devices, enhancing accessibility for potential recruiters.

Animal Adoption System

– Developed a web-based Animal Adoption System enabling users to view, filter, and adopt pets through an intuitive interface using technologies like **Django, HTML/CSS**, and **MySQL.**
– Implemented admin and user modules for managing pet listings, adoption requests, and approval workflows, ensuring role-based access and secure data handling.

Elegant Fabric Steamer (Mobile Application UI Design)

– Designed an intuitive and visually appealing mobile application interface for a fabric steamer product using **Figma**.
– Created user-friendly screens allowing users to request services like steaming, ironing, and more with doorstep delivery options.
– Focused on delivering a seamless user experience by integrating clean navigation, minimalistic design, and accessibility feature

SKILLS
